2. RESPECTING TERMS OF USE

- 2.1 – The cardholder acknowledges having in his/her possession one or several cards, as he/she wishes.
- 2.2 – If the cardholder has several cards linked to each of the accounts that have been assigned to him/her, in one or several caisses of which he/she is a member, he/she acknowledges that, unless he/she indicates otherwise, each individual card provides access via certain access systems to all accounts and accounts he/she holds in one or several caisses.
- 2.3 – He/she also acknowledges that the use of one of his/her cards, as well as transactions carried out with it, is subject to conditions and regulations periodically enacted by the caisse, which he/she accepts and agrees to respect, including the terms and conditions set forth hereafter.

3. TRANSACTIONS CARRIED OUT WITH THE CARD

- 3.1 – The cardholder acknowledges that one of his/her cards may serve as an identification card at CPAL.
- 3.2 – He/she acknowledges that his/her personal phrase, image and questions are security measures required to verify his/her identity, as well as for AccèsD Internet service, and that any procedure that involves

logging on to an AccèsD Internet session must be discontinued if his/her personal phrase or image is not shown on screen.

3.3 – He/she also acknowledges that use of one of his/her cards or access codes, with the PIN or password linked to it, is equivalent to his/her authentic signature and allows him/her to carry out various transactions at the caisse via access systems (e.g. access information, deposits, withdrawals, bill payments, transfers, line of credit payments, payments to merchants, purchase financial products and services).

3.4 – Through each access system, the caisse will indicate to the cardholder i) the types of transaction that may be carried out, which may vary, depending on the system used; ii) the caisses, folios and accounts accessible for the purposes of carrying out transactions; iii) the instructions necessary to complete a transaction using the system (e.g. card and PIN, access code and password).

3.5 – The cardholder agrees that when they carry out a transaction without presenting their card (e.g., online transaction using their mobile device, where the caisse allows) or carries out a contactless transaction, they bear the same responsibility as would be the case if they had entered their PIN in an accessible device. The caisse can refuse any contactless transaction for the purpose of sound risk management and to limit fraud. In such cases, the cardholder will have to present their card and enter their PIN in a point-of-sale terminal to complete the transaction.

4. TRANSACTIONS CARRIED OUT BY A PERSONAL REPRESENTATIVE

When the cardholder is the personal representative of a member, the member authorizes his/her personal representative to carry out transactions using the card, as stipulated in section 3, and thus assumes total responsibility for all transactions carried out with his/her card by his/her personal representative.

5. INTER-INSTITUTION TRANSFERS

Only those accounts that require one signature, are in Canadian currency and are held by the member in a Canadian financial institution may be included in a member’s file. The cardholder agrees that funds from an inter-institution transfer may be subjected to a 0- to 7-day freeze, depending on the authorized transit granted to the member by the caisse where the funds were deposited. As such, the caisse may hold these funds while awaiting final payment from the Canadian financial institution where the withdrawal was made. Information on statement of account submitted to the inter-institution transfer service by users shall remain strictly confidential and, will only be used to add a Canadian financial institution account to users AccèsD files and complete inter-institution transfers.

6. INTER-CURRENCY TRANSFERS

When a cardholder makes an inter-currency transfer using the AccèsD Internet service, he/she is subject to the following terms:

- 6.1 – The cardholder agrees and acknowledges that the exchange rate applied to an inter-currency transfer is the exchange rate determined by Fédération des caisses Desjardins du Québec (hereinafter referred to as “Desjardins”) and in force at the time the cardholder confirms the transaction for the last time.
- 6.2 – The cardholder agrees and acknowledges that prior to 8:00 a.m. and after 4:30 p.m. on business days and on Saturdays, Sundays and holidays, the exchange rate applied to an inter-currency transfer may be adjusted upwards or downwards by Desjardins, at its sole discretion, and that as a result, the exchange rate may be less advantageous for the cardholder.
- 6.3 – The cardholder acknowledges that an inter-currency transfer can be cancelled only by an offsetting transaction. If an inter-currency transfer must be reversed, for whatever reason, the cardholder agrees and acknowledges that the exchange rate then applicable will differ from the one initially used to make the inter-currency transfer. The cardholder agrees to assume any risk associated with exchange rate changes as well as any direct or indirect loss arising from such transaction. The cardholder therefore relieves the caisse of all liability in this matter.

7. INTERNATIONAL MONEY TRANSFERS

When a cardholder makes a money transfer using the International Money Transfer feature available through the AccèsD Internet service, he/she is subject to the following terms:

- 7.1 – The cardholder agrees and acknowledges that he/she is solely responsible for international money transfers made on an account using the International Money Transfer feature via the AccèsD Internet service.
- 7.2 – The cardholder agrees and acknowledges that transactions related to international money transfers, particularly foreign exchange transactions, involve risks, including a risk of loss due to foreign exchange fluctuations.
- 7.3 – The cardholder agrees and acknowledges that the execution of some transactions covered hereunder or stemming herefrom may be entrusted by the caisse to a third party, including Desjardins and, in this capacity, for the transactions entrusted to it, this agent is bound to the same obligations and benefits from the same waivers of liability as the caisse.

¹ If the cardholder is the personal representative of a member, “caisse” is understood to mean the member’s caisse.

² With the exception of stop payments made on cheques and pre-authorized payments, and some bill payments made at ATMs.

7.4 – The cardholder agrees and acknowledges that the exchange rate applicable to an international money transfer is the exchange rate determined by Desjardins and in force at the time the cardholder confirms the transaction and a confirmation number is issued for that transaction.

7.5 – Notwithstanding section 7.4 herein, the cardholder agrees and acknowledges that prior to 8:00 a.m. and after 4:30 p.m. on business days and on Saturdays, Sundays and holidays, the exchange rate applied to an international money transfer may be adjusted upwards or downwards by Desjardins, at its sole discretion, and that as a result, the exchange rate may be less advantageous for the cardholder.

7.6 – The cardholder agrees that the caisse and its correspondents reserve the right to use the services of financial institutions and correspondents (hereinafter referred to as "intermediaries") to make international money transfers, but that they cannot be held responsible for any delay or error in transmission or for any action beyond their control, including acts or omissions by correspondents, agencies or subsidiaries acting as agents.

7.7 – The cardholder undertakes, if applicable, to pay the fees displayed on screen at the time of any international money transfer. The cardholder agrees to have these fees and the converted amount of the international money transfer, if applicable, debited by the caisse at the time the cardholder confirms the transaction and a confirmation number is assigned to said transaction, directly from the USD or CAD account indicated by the cardholder.

7.8 – The cardholder agrees and acknowledges that the recipient may be charged fees by intermediaries to carry out the international money transfer, and that these may be deducted from the amount sent. The cardholder acknowledges that the caisse has no control over these fees.

7.9 – The cardholder also acknowledges that the caisse has no control over the exchange rates applied by the recipient's financial institution when said financial institution is required to perform a currency conversion. The cardholder relieves the caisse of all liability for any direct or indirect loss resulting from such a conversion.

7.10 – The cardholder is solely responsible for any error made during the preparation and transmission of his/her instructions regarding an international money transfer. The caisse can therefore not be held liable for any error arising from incorrect or incomplete information provided by the cardholder.

7.11 – Notwithstanding section 16 herein, the cardholder agrees that international money transfers will be made according to the following terms and conditions:

Monday through Friday from 8:30 a.m. to 5:30 p.m., and this provided the international money transfer is carried out on a business day; if the international money transfer is not carried out on a business day, for example, a Canadian statutory holiday, it is processed on the next business day.

7.12 – The cardholder agrees that, regardless of the processing time associated with the option selected for the international money transfer, processing times may vary for reasons beyond the caisse's control and it therefore cannot be held liable for any damage or any direct or indirect loss arising from such a delay.

7.13 – If the international money transfer cannot be delivered to the recipient for reasons beyond the caisse's or the intermediaries' control, the funds may be returned by the recipient's financial institution. The cardholder agrees that fees may be debited from the amount returned by the recipient's financial institution. The cardholder may request an investigation, via the AccèsD Internet service, if the funds have not been received by the recipient.

7.14 – The cardholder acknowledges that any tracing request involving an international money transfer must be made using the form designated for that purpose through the AccèsD Internet service and agrees to pay all fees related to this request.

7.15 – The cardholder acknowledges that a transaction limit applies to international money transfers made using the AccèsD Internet service. This daily limit is the lowest of the following three limits:

- limit identified in the cardholder's file at his/her caisse;
- limit authorized by the destination country;
- limit authorized by Desjardins security services (excluding Desjardins Bank in Florida).

These limits are subject to change without notice. The cardholder will be informed of the applicable limit at the time he/she makes the international money transfer.

7.16 – The cardholder acknowledges that, notwithstanding section 7.11, an international money transfer that is confirmed by the cardholder and for which a confirmation number has been issued is presumed to have been processed and sent and that therefore said international money transfer cannot be cancelled or modified.

7.17 – In the circumstances prescribed in sections 7.13, 7.14 and 7.16 for returned international money transfers, for whatever reason, the cardholder agrees to and acknowledges that the applicable exchange rate may differ from the one initially used to make the international money transfer. The cardholder agrees to assume any risk associated with exchange rate fluctuations as well as any direct or indirect loss arising from such a transaction. The cardholder therefore relieves the caisse of all liability in this matter.

8. ALERT SERVICE

8.1 – When the cardholder uses the Alert service, he/she agrees and acknowledges that incoming text message fees and any fees related to reading email on the Internet are his/her responsibility. The cardholder acknowledges that the caisse is not liable for any loss or damage he/she may incur due to errors made while entering delivery settings or if he/she neglects to modify them in a timely manner. Moreover, the caisse cannot be held liable for any loss the cardholder may incur if, despite alerts sent to him/her, he/she does not take appropriate measures in a timely manner.

8.2 – The caisse is also not responsible for any text message transmission or delivery error made by the cardholder's mobile or Internet

10.6 – Stop payments on cheques take effect the day they are placed.

10.7 – Stop payment fees will be debited from the account on which the cheque was drawn, or from which the pre-authorized payment was to be paid. If the account balance is too low to cover these fees, the stop payment will not be carried out.

10.8 – Stop payments cannot be placed on loan payments for any loan whatsoever held at a caisse.

Foreign currency conversion fees of 2.5% will be applied to foreign currency transaction amounts converted to Canadian dollars.

17. TRANSACTION CONFIRMATION

17.1 – The cardholder acknowledges that the transaction record or the confirmation number issued by the access system constitutes proof that the transaction that he/she carried out was recorded correctly. In the case of a card-not-present or contactless transaction, the cardholder agrees that the entry of the transaction on their monthly account statement will constitute proof that the transaction was carried out.

17.2 – The caisse is not obligated to provide other proof of the transaction, unless the cardholder requires it to prevent or settle a dispute and, in this case, he/she shall provide the caisse with a transaction record or transaction confirmation number.

17.3 – Lastly, the cardholder acknowledges that any cheque or account statement sent to CPAL for the purposes of registering the cardholder for the inter-institution transfer feature has the same value as an original document sent by post, or hand delivered, and is admissible as proof in any legal proceeding. 23.1 – The cardholder recognizes that neither the caisse cannot be held liable for damages, including monetary losses, arising from the unavailability of AccèsD Internet service, the inability to use an access system due to a malfunction, temporary downtime including the inability to display the authentication elements, misuse, or any other service interruption of such systems that may be caused by actions beyond the control of the caisse, including labour disputes and equipment failure. However, the cardholder shall not be held liable for monetary losses resulting from technical malfunctions of the caisse computer system.

23.2 – When unauthorized transactions are carried out using the cardholder's card, the cardholder shall not be held liable for those transactions.

23.3 – The cardholder agrees to notify the caisse(s) of any changes to his/her personal information that could affect the transactions carried out using one of his/her cards (e.g. address, phone number, or client number, in the case of a supplier of services or products).
